

3 JAN 1972

NOTE TO: DD/Pers/SP

SUBJECT: Health Benefits Open Season Enrollment

STATINTL

STATINTL

We discussed last week the fact that both [ ] raised the question as to whether, as retirees, they could change from GEHA enrollment during the open season to some other plan and later, during an open season, change back to GEHA. For your information, neither has any other GEHA coverage. I believe you will want to discuss with D/Pers so that a firm policy can be set. I recommend retirees be advised that once they terminate enrollment in the Association Benefit Plan they will not be permitted to re-enroll during any subsequent open season.
